or below 100% AMI (Area Median  
Income - County Based)

## Partnered with:

Community  
Based  
Organizations

Legal Aid  
Groups

To **support** the state's **most vulnerable communities**

## Testimonials

"I almost fell to my knees when I realized that I no longer owed anything. If the state of California hadn't helped me, I would have lost my home that I worked so hard to buy."

- Eloy

Homeowner from Palm Springs

"I want to express my deep gratitude for your recent financial support to our family. During these unprecedented times you were the only helping hand that tried, trusted and helped us. Your help and tremendous support are much appreciated."

- Ani

Homeowner from Los Angeles

**33,000+**

Grants have been awarded to  
California homeowners

**\$25,000**

Average amount awarded per  
household (*approximate*)

55%

Homeowners that received grants  
are from socially disadvantaged  
communities

69%

AMI for all households that received  
grants (below median income)

Exemplified and **received  
recognition** from U.S. Treasury for  
**best practices** for other HAF  
programs across the country

California's **grants reached a higher proportion of  
African American and Latino households** than  
the state's homeownership rates for each group,  
respectively.
